DETAILED ACTION

Allowable Subject Matter

1. Claims 1-11 are allowed.
2. The following is an examiner's statement of reasons for allowance:

Claims 1-8; prior art fails to disclose or suggest, inter alia a method of controlling the output voltage of a voltage regulator using a transimpedance block as an amplifier comprising: measuring a voltage representative current of the output, comparing the voltage representative current to a reference current.

Claims 9 and 10; prior art fails to disclose or suggest, inter alia a voltage regulator used in conjunction with a transimpedance block, the voltage regulator comprising: a transimpedance block having a reference input and a sense input, the sense input connected to the output through a resistor, said transimpedance block comparing the sense input voltage representative current to the reference input current.

Claim 11; prior art fails to disclose or suggest, inter alia a voltage regulator used in conjunction with a transimpedance block, the voltage regulator comprising: a transimpedance block having a reference input and a sense input, the sense input connected to output through a resistive divider, the transimpedance block comparing the sense input voltage representative current to the reference input current.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Gary L. Laxton whose telephone number is (571) 272-2079. The examiner can normally be reached on Monday thru Friday.
